I've spent more time with you !
I've met you before him ... And I was the first one who saw your true face !

But ...

It was me who taught you basketball. It is only me who can probably completely beat you !
Why is not me.

Why -

!@#$
You ... were really trying to strangle me to death ?!
You've said before that you regretted the time we've spent together.

You've also said that you'd no longer see me as your friend ...
I don't know when I said such, but, I am willing to become your rival from now on !
You are not my friend, !@#$
Even if you try to bluff, you are born to be a dog.
You will wave your tail again and again to someeone who you gave your mind to.
But ..., at the same time, you will bite people who will only mean harm to your owner.

Janimes
www.janimes.com

Wait ...,
are you saying
I am a dog ?!
Crap ! Stop !
Are you running
away ?!
Han Seo Jang !

Dude ..., he had always had dangerous aura. but not this much.
He came close to explosion tonight.
I feel as if ... something bad is going to happen...

Jaxinas
www.janimes.com

Her grade was only 5th in whole school

Still one digit in her whole school you must have spent a lot of money in her private lessons
How was Ha li's grade
Ah
Don't ask her such things am sure she ate her grade papers and came home prepared to be beaten
Oh have you heard A beauty salon eong Mi goes has recommended her to apply for super model audition
Oh my
Well eong Mi has really a great figure She s tall also She may have a chance
Speaking of height Ha li s tall for a gir Why not give her a chance

didn't know you had a sense of humor ? She's only good for bandage or disinfectant ed
Those bitches
Excuse me
Do you know where 213 xxx is ?
That's
Why are you going there ?

That's where my girlfriend lives
But I live there
Ah Hello I am a friend of Ha Il's
That's real Mu Hyeon Ha
Oh my my does that mean the false rumor no the rumor was not false

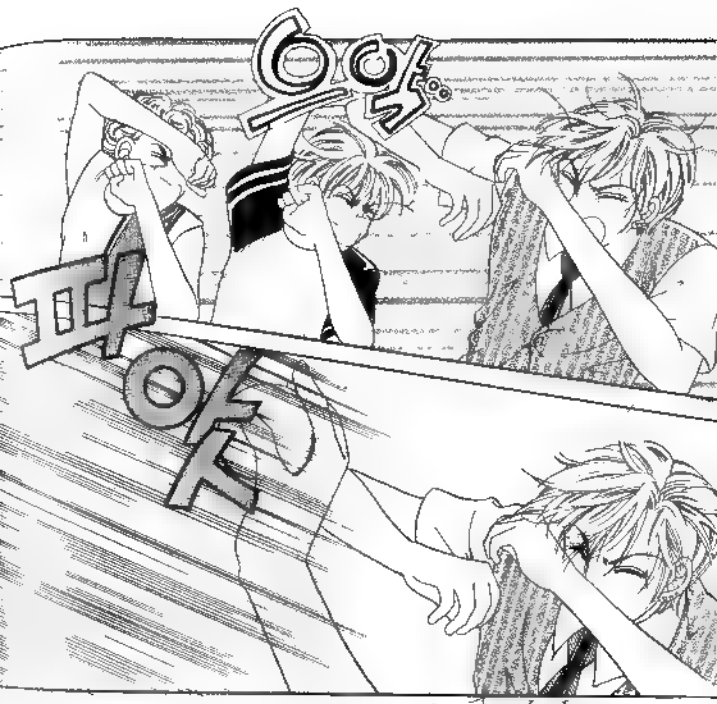
Could you get us his autograph
His face is so small How could a man have white skin like that and look cute
Look at his suit That's what he wore in the drama

This is it This sensation

If my daughter goes out with a CF star will be the leader of the gathering

Ha li's
Boyfriend
Where is that eating machine Jin our Ha li
She said she was going to the training hall
is he a psycho No man is going to come to our house to see Ha li unless he is a psycho
Perhaps he is a gangster
ou two resemble Ha li's appearance see you two are indeed her brothers
No The only part that resemble her is our toes
eah We don't have crazy guts like Ha li

es
See ?!
All we have is bones and skin
One punch is enough to knock us down
They are a little weird but they are Ha li's family need to be friendly to them
Old saying goes that in order to defeat a knight you first must shoot down his horse
Wait for me Ha li
Homer Jr
Ah not that way
I will make you realize that we are connected by destiny And then you will be able to crawl out of Sin loo s traps
TO



Oof

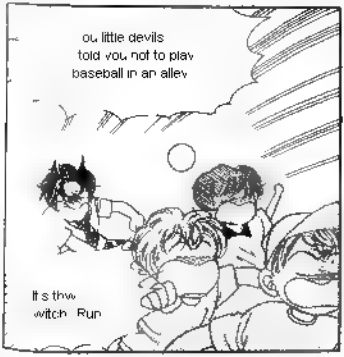
Of



ou little devils
told you not to play

It s the

freeze !

That pose
That angle
and his expression
He is one of us
Welcome to the family Mu Hyeon
I can't believe a guy like yourself is our sister's boyfriend
We like you already
You do have some muscles
You are not just bones and skin
That's good otherwise you won't be able to bear the beatings

www.janimes.com

The house is sordid
Not at all. He's cozy and clean. I can see how well you take care of
Interesting interior ma'am
You call yourself the head of this family when you are not even willing to do some cleaning on Sunday?!

My future !

Father has gotten good at it though
He takes minimum damage from each punch by dodging slightly
How long has it been? Of course he learned a skill or two
Mu Hyeon I
Huh?
Mu Hyeon Where is the CF ster?
He left
He what?

What did you do ?! Did you trick him to leave because you didn't want to lose your sister ?!
That doesn't even make sense No way would we become obstacles for Ha li
f any man is willing to take Ha li away from us we are willing to service the guy for eternity !!
Then why did he leave haven't even gotten his autograph yet
He had no reason to leave
Mother and daughter are the same no brain

Freeze !
Good Bye.
Ha Ji !
Be happy in
the future !
Hey.
Mu Hyeon
Ha !

Why did he run awey like that ?! why ?! WHYYYYY !

No
Are you going to turn this house into a war zone ?!
Just settle down quietly with a man like Mu Hyeon who can take some beating
Although they'd be repeating history
During the seminar some of chairmen from high profile companies discussed about
the current status of economy and introduced few foreign guests for
thought his face was familiar
He appears on the TV from time to time

Who ?
Chairman Park Han Ho ?
You know him ?
No way -
she probably saw him on papers or somethin
Eh
well
do know
him
He is going
to be my
father-in-law
Father-in-law
yeh
since he is
Sin Joo s
father

feel pity for her She used to bump her head into walls and ground simply because her skull was as tough as stone
Looks like the side effect is finally beginning to surface
But he tries to get rid of me whenever go there that means he doesn't have a good impression about me
Maybe will go there again with a pizza
Seriously her way of thinking is just too low for a human being
ou should get something bigger
eah after all he is a millionaire
But wouldn't it be nice to have a pizza with his future daughter-in-law Pizza is so nice you know

Janimes
www.janimes.com

Looks like she has lost the border between dream and reality
Daughter-in-law ?! Did you hear that ?!
Ha !! What you are wishing is a little too hard
You see millionaires like those tend to have relationships based on power and money
Yeah they expand their power by choosing a powerful family for their marriage But our family doesn't even qualify
Then how ?
How ?! Do you really expect that to happen ? Just go get a job as their bodyguard That way you will at least be with them literally
Yeah even Mr. Hyeon is too good for you
HUH

Don't misunderstand We are just trying to help you
We are not looking down at you We are just trying to make you happy It's just brother's love
eah Bodyguard
Why couldn't think that ?!
109

Bodyguard
ou
eah
After graduate
hed nothing wanted
to me
If go to an university
or a college the
director will probably
jump with anger saving
money will be wasted
a bodyguard she
won't object
looked up the

level 4 of any
material art it's
a piece of cake

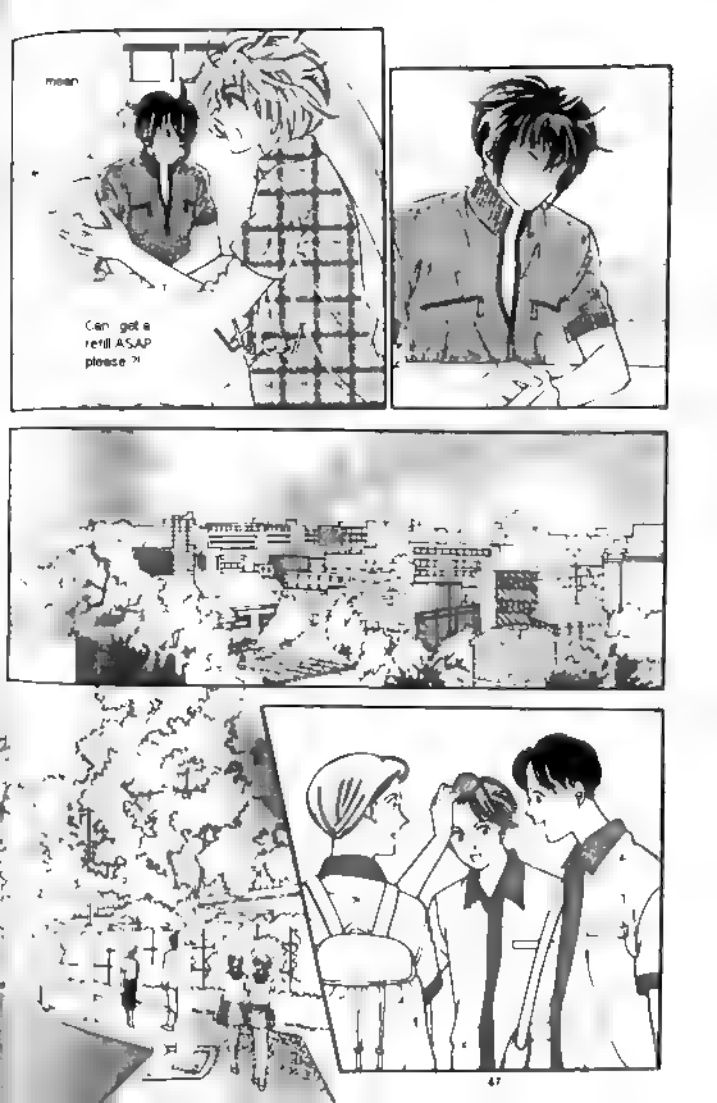
Bodyguard
that's not a bad idea
In order to separate her from
the Doberman need to
divert her interest
Bodyguard
You are made
for that job
except for just
one issue
Hey Ji
Protect the
minister at
all cost
Yes sir
Stop
won't allow
you pass
through

Take this !
A piece of
pizza !

It's so sad that
Such a ridiculous possibility feels so real
And it is real
Consider another job like athletics teacher
No I am going to be a bodyguard
Bodyguard doesn't have regular eating schedule and they often have to stand on their feet for 24 hours straight And know you can't bear hunger
I hate hunger but will eat a lot a ton beforehand before going to work
Why are you so determined to be a bodyguard?

If become a body guard can be with you 24 hours a day
Just wait When become a body guard will protect you for real
am probably better than any of the body guard at your home So no one will really dare to attack

A little
or a bit
or a lot
to be happy about
Me
Me too
if it's



mean
Can get a refill ASAP please ?!

This school is a trash
low quality buildings fence and even the students
Although the best student in that school might be of something to deal with though

Sin Joo
The classes are over Ah you have to stay until afternoon forgot
ou are going to be training until afternoon

The teacher promised to buy me snacks
Ok then will come to pick up in the afternoon
Clean sweats at least
Is it really true that they are a couple
No no way they are the most unbalanced couple

Looks like she doesn't mean much to you, huh?
You have a tendancy to act mean to those who you really like
Just see how you acted to the good old daughter of Asan corp
You are bringing up not a very pleasant subject I did told you not to involve her didn't I
I am so scared I am gonna pee

Have you forgotten you called me
Well liked this school also
You see in a good school you don't get to see such an entertainment like Kang Ha Ii tell you what I've never seen an idiot like her
Fencing guess that s fine She likes anything that involves physical strength anyway hope this is enough to get her stay away from the Doberman

Why couldn't done so before
It's so easy

like you.

It was you

The sensation
of uniqueness
like you
you are probably
the only one
will see as an
opposite gender
"The more the better"
had always agreed
with that expression
and hated myself for
that But after knowing
you I've felt what "unique"
was

sometimes find myself
imaging about you
while doing other things
you are my blessing
you are my only gift
Why can't be

When did you come back to Korea? thought you were coming back after you graduate from high school
It was because of you had to return somewhat forcefully
It appears that your father and my grandfather have been talking about an arranged marriage proposal
am sorry about this
That old man... I should have known.

You don't need to feel sorry. It was not like my grandfather would let me stay in America for so long.
I was expecting to see you at Seong Hak....
But you had transferred. I was disappointed.
I was hoping to have someone I know by me so that I can get used to the new environment a little faster.
I see. You came after I transferred...
Ah! I heard you do fencing now ?
Yes, I leanred a little in America.
It was expected from you. Your health wasn't very good when you were young.

The major points in fencing is strengthing one's spirit as well as body. It's basically about completing one's self.
I felt that I was reinforcing myself while I was learning.
Although I was rather shocked to see such a low grade fencer recently ...
So I heard.
That's so like Ha Ji.

Do you know her ?
That's my girlfriend !
He has changed !
